

Change in the Executive Board as of 30 June 2023

Feldkirchen (Munich), 10 March 2022 – (ISIN
DE000A0LR936) – Mr. Uwe Klaus Lange, Managing
Director for investment projects and plant engineering
today informed the Board that he will resign from his office
in the middle of the coming year, as of 30 June 2023.

This decision aims to allow the strategic preparation of a
successor, as Mr. Lange would like to reduce his
responsibilities step by step due to his age. Mr. Lange will
remain at the company's disposition to a reduced extent
after resigning and will become a company employee.

The Board of Directors and the Executive Board thank Mr.
Lange for his work to date, and are looking forward to
continuing the cooperation in future.
